PROFESSIONAL EXPERIENCE

Intern

Youth Technology | Mumbai | June'20-Oct '20

- This internship helped me groomed myself into web development starting with the basics of technologies like word press and reaching till a point where I could develop websites using HTML,CSS.
- Along with this, I have also used bootstrap, JavaScript to a basic level as and when needed.
- Progressed from learning, completing assignments and eventually working on client projects to deliver the front end for websites.
- Apart from web development work, I was responsible to monitor the completeness of daily task assigned to me and my team. Had to report this consolidated status to the product owner on a daily basis.
